Overview of the Deepwater Horizon Natural Resource Damage Assessment (NRDA) Process

February 1, 2016
Gulf of Mexico Oil Spill & Ecosystem Science Conference

Today’s Objectives

- What is NRDA and what is the DWH NRDA?
- What does a settlement in principle mean?
- What will happen now?
- What science exists from the NRDA?
- What are the thousands of datasets available as a result of the NRDA?
- What does all of this mean for research and restoration going forward?
- What is new with the NAS Gulf Research Program?
Today’s Agenda

1) NRDA 101 (Adam Domanski, NOAA ARD)
2) Overview of the Allocation (Lisa DiPinto, NOAA ARD)
3) Overview of DWH Science (Lisa DiPinto, NOAA ARD)
4) Overview DWH NRDA Restoration (Leslie Craig, NOAA Restoration Center)
5) Overview of RESTORE Plan (Jessica Kondel, NOAA, NMFS)
6) Overview of NAS Gulf Research Program (Kim Waddell, NAS Ocean Studies Board)
