

ARD Data Management Strategy Workshop

WELCOME!

December 10 – 11, 2013

Coastal Response Research Center

ARD Data Management Strategy Workshop

Nancy E. Kinner
Coastal Response Research Center
University of New Hampshire
December 10 – 11, 2013

Coastal Response Research Center

Logistics

- Fire Exits
- Restrooms
- Breakfast, lunch and snacks today and tomorrow
- Dinner tonight (on your own)
- Logistical questions see Kathy Mandsager or me

Coastal Response Research Center

3

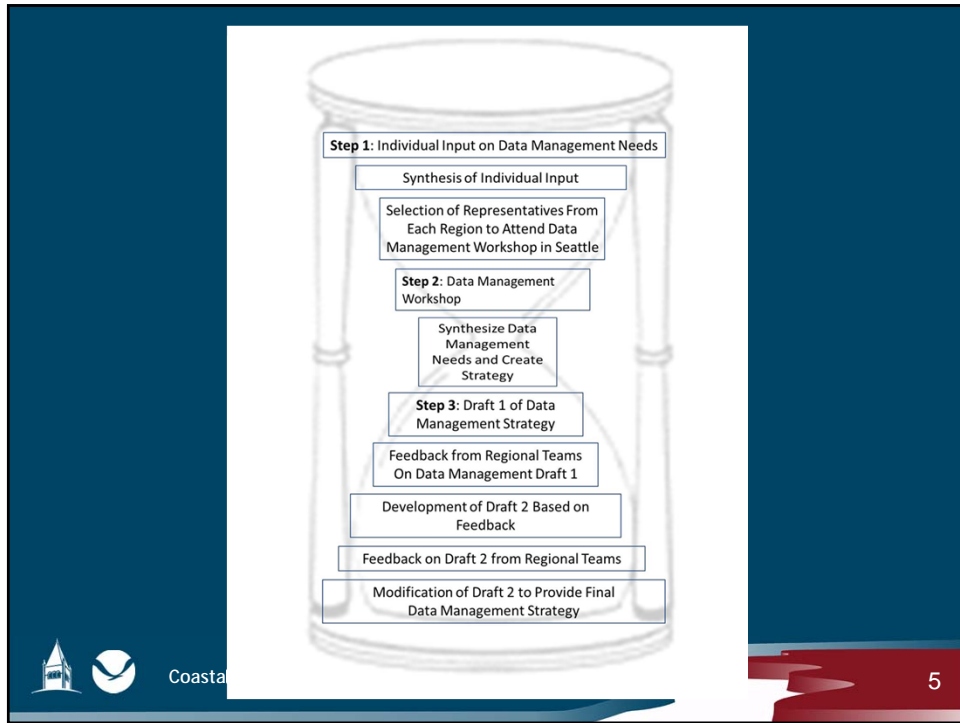

Overall “Big Picture” Goal

- Develop a plan to guide data collection and data management for ARD
- Inform overall OR&R data management strategy

Coastal Response Research Center

4

Agenda

8:30 am	Registration & Continental Breakfast
9:00 am	Welcome & Workshop Overview: Nancy Kinner
9:30 am	Opening Remarks: Bob Haddad
9:45 am	Overview of Data Management: Amy Merten
10:15 am	Knowledge Management Strategy: Jessica Winter
10:30 am	BREAK
10:45 am	Summary of Existing Tools: B. Shorr & K. Sheets
11:30 am	Summary of Regional Breakout Groups: K. Sheets
12:00 pm	LUNCH PROVIDED

Agenda

12:45 pm Charge to Breakout Groups: N. Kinner
 1:00 pm Breakout Group Session I

- Site Characterization
- Pathways to Exposure
- Injury Determination
- Injury Quantification & Compensation

3:00 pm *BREAK*
 3:15 pm Report-Out from Breakout Groups
 4:30 pm *ADJOURN*

Agenda

8:30 am Continental Breakfast
 9:00 am Recalibrate and Breakout Group Charge
 9:15 am Breakout Group Session II

Identify tools that should be **improved, created, phased out** or require **more training/outreach**

11:45 pm *LUNCH PROVIDED*
 12:30 pm Report-Out from Breakout Groups
 1:30 pm DM Strategy Discussion/Prioritization
 4:30 pm *ADJOURN*

Goals of Workshop

- Map prioritized list of tools/processes to scientific method which they contribute
- Review/evaluate existing data management approaches/tools that ARD uses
- Identify tools that can be improved, phased out, developed or require more training/outreach
- Prioritize enhancement/development of data management processes/tools

Coastal Response Research Center

9

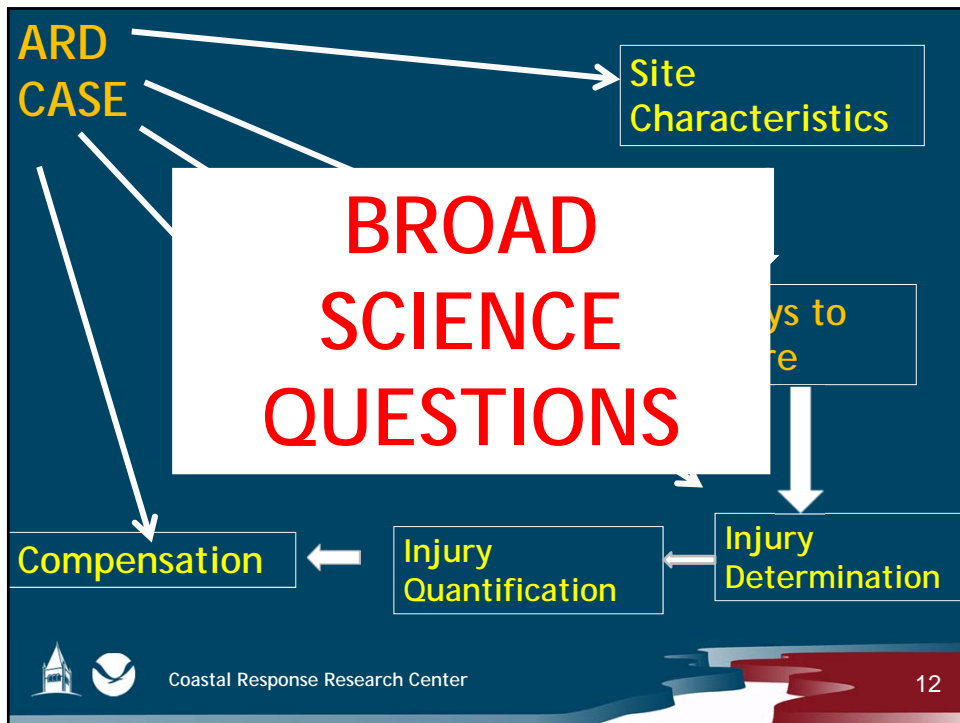

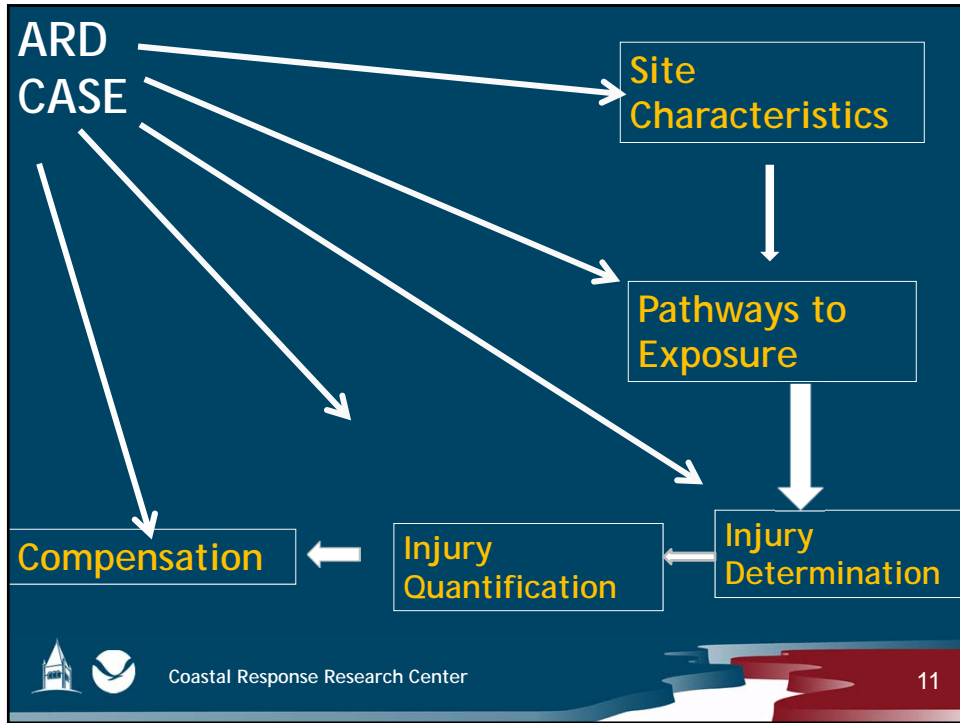

Outcomes of Workshop

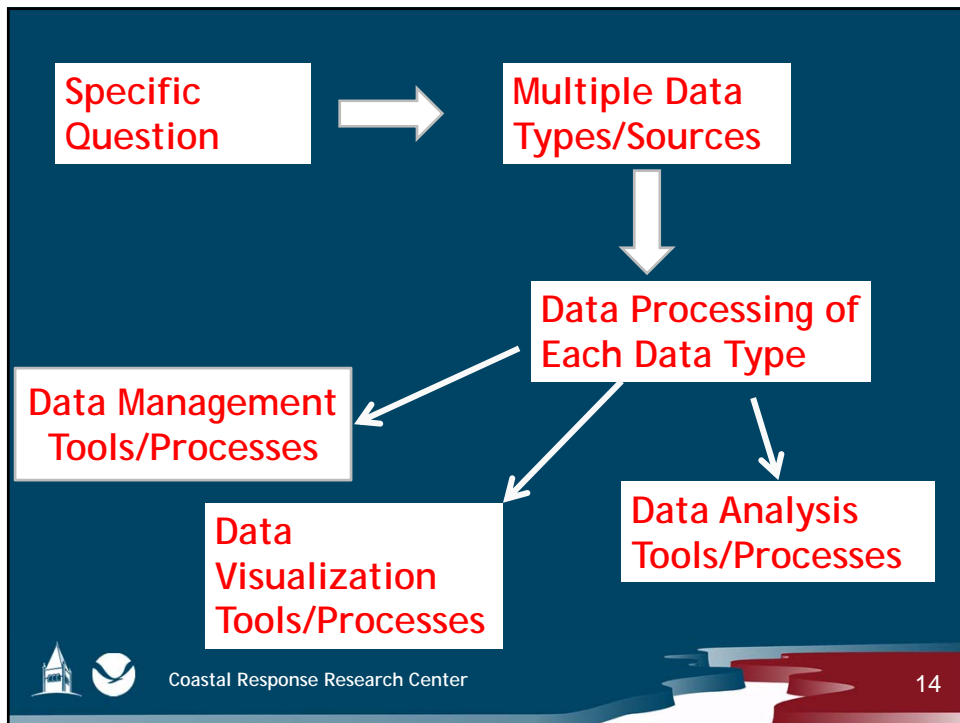

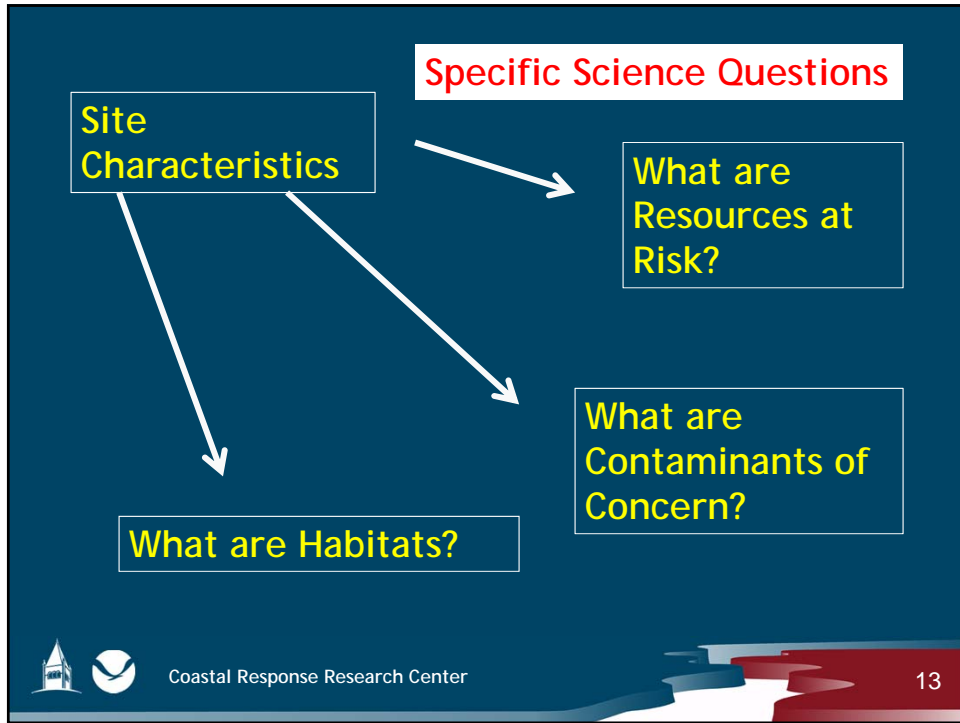

- **Diagram** illustrating where tools/processes to be maintained and created fit within ARD scientific method and cross-link to other partners
- **Categorized list** of key data types and data management tools/processes/methods used for ARD case work
- **Prioritized list** of tools/processes/methods for improvement, development, phase out and training/outreach
