

**Dispersants Working Group  
Conference Call  
June 8, 2006  
2pm ET**

- I. Participants:
  - a. Review & clarification of membership and appropriate representatives
  - b. CRRC, NOAA, PWSSC, Exxonmobil, OSRADP, USCG, Texas GLO, PWSRCAC, MMS, AK DEC, API, OSPR, EPA
- II. Workshop Report
  - a. Comments and suggested edits
    - Bibliography & citations & references to be included
    - List the Dispersants Working Group
    - Each member's comments were discussed and edits made accordingly
    - This group is charged to continue reviewing Jim's comments and send suggestions by June 19<sup>th</sup>
- III. RFP's on Dispersants
  - a. MMS' BAA (get appropriate web links from Joe Mullin to add to our DWG web page)
  - b. CRRC's 2006 Annual RFP has a dispersed oil topic
  - c. Others may not be running current RFP's but have information to link to website: Don Davis, Yvonne Addassi on fur & feather project; Joe Banta has an updated link, Don Davis, Louisiana link is not current, Katey Walter has new RFP link.
  - d. Research: Please forward to CRRC any other research projects that should be posted on DWG web page
- IV. Where do we go from here?
  - a. Meeting to have all researchers together to share their work (work progress)-include those currently funded and completed projects
  - b. Suggested to tag on to PERF, or Interspill, or Louisiana, or CRRC's project workshop in March '07, or MMS's focused forum in Sep
  - c. Suggested we have another conference call to discuss & finalize this next step

Thank you for your help with the Workshop Report. We tackled a lot of information. Please send any final thoughts on Jim's remaining comments as soon as possible.
