

Environmental Response Data Collection Standard
Workshop
September 25 – 27, 2007

Pre- Workshop Questionnaire

Please answer the following questions as they relate to you. Answering these will help you prepare for workshop discussions and break-out groups. If you cannot answer a question or it does not apply to you, please state this. Thanks so much and we look forward to working with you!

SCAT-MD

- What field data to you collect? What do you do with it/how do you use it?
- What similarities exist between your data collection and SCAT data collection?
- What advantages do you see in standardization / integration with other field collected shoreline data?

DATA

- What are the advantages and disadvantages of using data standards?
- What data standard have you used? Do you have a basic understanding of them?
